

SATYAM KUMAR

A pre-final year student in btech EEE

My name is Satyam Kumar, and I am currently pursuing a B.Tech degree in EEE at IEM Kolkata. I am driven to apply my knowledge and skills to make a positive impact in the field of Software development, web development and also in renewable energy. I have also published a research paper with my teammates.

Internships and training

13 dec 22' - 18 jan 23'

BHUMI Donation NGO

Volunteer

being a volunteer in this NGO , i learned how we can collab to work together and complete particular task. Helped in organizing fundraising events and campaigns to secure financial resources for the projects. Also i have raised awareness about social and environmental issues targeted by the NGO.

feb 23' - till present

EDOOK

Teacher(K10)

started teaching students the concepts in which they are having problems. Teaching encourages self-reflection and personal growth and provides opportunities for creativity in lesson planning, instructional methods, and classroom activities. The sense of fulfillment and satisfaction that comes from helping others learn and succeed can be immensely rewarding. It has increased my thinking capabilities in short times.

Experience and Awards

ECAC, Taapman winner 23'

Me and my team achieved first rank in proposing our Idea on Energy Conservation Proposal With Solar Generation Estimation. In this proposal i have worked and performed the power generation by different solar panel of different ratings.
